DETAILED ACTION

Claims 1-14, 16, 17, 22-25, 30-36 and 38-67 are pending in the application.

This action is in response to applicants' amendment filed December 14, 2004.

Claims 46 and 47 were amended.

Note: The applicants' are reminded of the manner of making amendments.

37 CFR 1.121 Manner of making amendments in application.

(c) Claims. Amendment to a claim must be made by rewriting the entire claim with all changes (e.g., additions and deletions) as indicated in this subsection, except when the claim is being canceled. Each amendment document that includes a change to an existing claim, cancellation of an existing claim or addition of a new claim, must include a complete listing of all claims ever presented, including the text of all pending and withdrawn claims, in the application. The claim listing, including the text of the claims in the amendment document will serve to replace all prior versions of the claims in the application. In the claim listing, the status of every claim must be indicated after its claim number by using one of the following identifiers in a parenthetical expression: (Original), (Currently amended), (Canceled), (Withdrawn), (Previously presented), (New), and (Not entered).

The following claims fail to properly identify the status of the claims: claim 46, i.e. (Previously Presented) should be (Currently Amended).

Response to Amendment

Applicant's amendments filed December 14, 2004 have been fully considered with the following effect:

1. The applicant's amendments and arguments are sufficient to overcome the 35 U.S.C. § 112, second paragraph rejection labeled paragraph 1c) maintained in the last office action, which is hereby **withdrawn**.

Art Unit: 1624

2. The applicant's amendments and arguments are sufficient to overcome the 35 U.S.C. § 112, second paragraph rejection labeled paragraph 2a) of the last office action, which is hereby **withdrawn**.

In view of the amendment dated December 14, 2004, the following new grounds of rejection apply:

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

3. Claim 46 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. The following reason(s) apply:

a) Claim 46 and claims dependent thereon are vague and indefinite in that it is not known what is meant by the period which follows a semi-colon. It is not known what else is intended.

Allowable Subject Matter

4. Claims 1-14, 16, 17, 22-25, 30-36, 38-45 and 47-67 are allowed. None of the prior art of record or a search in the pertinent art area teaches the compounds, compositions and method of use of the compounds of formulae I and II as claimed herein.
